

TRACCIA N.1

- Il/la candidato/a descriva come organizzerebbe un evento all'interno del Politecnico di Milano finalizzato alla promozione delle associazioni studentesche iscritte all'albo di ateneo, indicando anche le modalità di promozione

TRACCIA N.2

- Il /La candidato/a illustri come imposterebbe all'interno del sito web del Politecnico di Milano, una pagina web dedicata alle associazioni studentesche, specificando struttura, ipotesi sintetica dei contenuti ed eventuali elementi aggiuntivi

TRACCIA N.3

- Il/La candidato/a indichi come imposterebbe un report finalizzato a monitorare le attività svolte dalle associazioni studentesche durante l'anno all'interno dei campus.

PROVA N.1

- Quali sono i requisiti che deve avere un'associazione per poter richiedere l'iscrizione all'albo di ateneo? Quali documenti è necessario presentare?
- Il/la candidato/a descriva quali sono i compiti del consiglio degli studenti
- Erasmus is a European Union project that allows university students to undertake a period of study in a university in other EU member countries, or in non-European partner countries of the programme. This period of study abroad is subsidized by the European Union with a scholarship. The basic idea is that, by studying abroad with the Erasmus Plus programme, students can improve their communication skills, knowledge of foreign languages and intercultural skills, which are particularly appreciated by future employers. Furthermore, the comparison between different education systems enriches students, providing them with new perspectives and useful ideas for their educational path.

PROVA N.2

- Cosa deve prevedere lo statuto di un'associazione iscritta all'albo di ateneo? Quali benefit ha a disposizione un'associazione iscritta all'albo di ateneo?
- Il/la candidato/a descriva quali funzioni svolge il senato accademico del Politecnico di Milano
- Regional scholarships consisting of a sum of money and free access to refectory services are related to education incentive programmes. Financed by the Lombardy government, the Ministry of University and Research and by the European Union - Next Generation EU. The scholarships are awarded via competition, to university students meeting certain merit, income and regular attendance requirements, provided they are regularly enrolled in University programmes. Students enrolled in first level master programmes, medical schools of specialisation and doctoral students - who already enjoy a scholarship or research grant - are not eligible to apply.

PROVA N.3

- Quali sono i soggetti che possono richiedere finanziamenti di attività tramite il bando di ateneo e quali sono le tipologie di attività finanziabili?

- Il/la candidato/a descriva quali sono gli organi di ateneo

- The university campus is a context in which students can fully immerse themselves in learning without abandoning sociality. The presence of multimedia rooms, study rooms and common spaces allows students to visit the campus even when there are no lessons to take or exams to take. Each campus has its own unique culture that develops over time and is shaped by the interactions of students, faculty, staff and the surrounding community. Socialization allows students to be stimulated not only from an academic point of view but also from a relational point of view, giving the possibility of creating a network of ties that represents added value in terms of personal and professional growth.

PROVA N.4

- Quali sono i criteri di valutazione utilizzati dalla Commissione permanente studenti per valutare le richieste di finanziamento presentate dalle associazioni studentesche? Ci sono delle attività e/o delle voci di costo non finanziabili?

- Il/la candidato/a descriva quali sono i compiti del rettore

- Politecnico di Milano is a public scientific-technological university which trains engineers, architects and industrial designers. The University has always focused on the quality and innovation of its teaching and research, developing a fruitful relationship with business and productive world by means of experimental research and technological transfer.. It also wants to be a solid, recognisable and reliable reference point for sustainable development in Italy and Europe. Research has always been linked to didactics and it is a priority commitment which has allowed Politecnico Milano to achieve high quality results at an international level as to join the university to the business world. Research constitutes a parallel path to that formed by cooperation and alliances with the industrial system.

PROVA N.5

- Ogni quanto tempo l'associazione deve presentare la domanda di rinnovo all'albo di ateneo? Quali documenti sono richiesti?
- Il/la candidato/a descriva quali sono le funzioni della commissione permanente studenti
- The Politecnico of Milan promotes the development and well-being both at individual and social level. To this end, it encourages its community members to engage in sporting activities, by organizing major events, initiatives, courses, tournaments; and its students to participate in the life of the university by applying as representatives, forming student associations, participating in international competitions.

PROVA N.6

- Come devono essere pubblicizzate le attività delle associazioni, iscritte all'albo, finanziate tramite il bando? Quali sono le disposizioni in merito a riviste e giornali studenteschi?
- Il/la candidato/a illustri quali sono i compiti del Consiglio di Amministrazione
- Politecnico di Milano's ambition is to be an increasingly welcoming place, where each member of the community can feel their uniqueness and that of others respected and valued, and where inequalities and stereotypes are combated. It also wants to contribute to a more inclusive society through scientific and technological innovation. In the 2023-25 period we will: listen to all members of our community; educate the community on issues of diversity and inclusion; strengthen inclusion within our community; become one of the leading universities in the development of inclusive technologies.
